

Mission

The mission of KIPP Excelencia Community Prep is to inspire and empower all children so that they are successful through college and impact their communities. KIPP Excelencia believes that literacy is the foundation for learning and STEM (science, technology, engineering, and math) is the ticket to success. We know that we are preparing children for careers that do not exist yet - our schedule ensures that all scholars are innovative and curious.

Zest, Grit, Curiosity, Gratitude, Love

Year Founded

2015

"I wouldn't change anything about our journey with KIPP nor would I change what they've taught my daughter. They are giving her the quality education she deserves."

-Isabel Ocampo, KIPP Excelencia Parent

12%

Receive special education services

43%

Are English language learners

We are part of a thriving network of 16 public elementary, middle, and high schools open to all students.

Together with families and communities, we create joyful, academically excellent schools that prepare students with the skills and confidence to pursue the paths they choose—college, career, and beyond—so they can lead fulfilling lives and create a more just world.

OUR RESULTS

2018-19 Academic Results*

Data helps us understand our impact: what is working and what needs to be improved. By analyzing and sharing our student achievement data, we can better support our students. The Smarter Balanced Assessment Consortium (SBAC) is one measure that contributes to a holistic view of student progress for families and teachers.

*Due to COVID-19, the SBAC was not administered in 2020.

KIPP THROUGH COLLEGE

KIPP is unique in that we support our students to and through college. We provide structured support focused on college readiness, persistence, and completion until the day alumni receive their college degrees. Services include: college visits, one-on-one college advising, financial aid workshops, academic advising, career and technical education advising, college transition support, and internship and mentorship opportunities.

83%

Our students are going to college. 83% of KIPP Northern California eighth grade completers are matriculating to college, compared to 66% of students nationally.

4x

KIPP alumni are going on to lead choice-filled lives. Our alumni are over 4x as likely to graduate college as their peers.

WHAT IS NEXT FOR KIPP

As we continue to build out TK-12th grade schools in our current communities and launch new schools in Stockton, we're investing even more in teacher training and coaching, strengthening family and community engagement and advocacy, and building positive school cultures that foster a sense of identity, community, and belonging.
